Important Notes

There are currently 22 spaces with 30 amp service in our back RV row. We also have some full time 20 amp electric spots at the barns. The location you will be asked to camp will depend on the number of RV reservations we receive for each event. **Electric in the back row is supplied by generator and will be shut off from 10PM till 6AM to provide quiet time for all – please plan accordingly.** Please park carefully as to not damage small trees – space in the back row is limited - do not park next to your trailer – park in the parking lot and do not set up ez-ups, etc on the side of your unit as it will take up another person’s RV space. The large grass field behind the back RV row is not an off leash potty or play area. Please take them to a dedicated location to potty and play.

Camping fees are non-refundable if your reservation is cancelled 3 days or less prior to event. You must provide a valid email address or contact number in order to be confirmed for camping. Failure to do so will leave you with no camping spot available. Please read your emailed confirmation carefully for instructions on where to park – as it may vary by event. You should receive this email approx. 5-7 days prior to the event.
